Commercial zone

Blankenheim - North Industrial Area

The very favorably located Blankenheim commercial zone has an area of approx. 45 ha. Transport links are provided by the B 51 and B 258 highways running right by the commercial zone. First developed in 1973/74, the commercial zone was expanded in 1993, then again in 1996. The third extension was completed in 2005. The current industrial area is almost completely occupied by commercial settlements.

An extension of the commercial area near the federal highway 51 is currently being planned. Marketing of these areas is expected to be possible from autumn 2023.

Location	Outskirts
Industrial tax multiplier	450.00 %
